

Re: Bill Of Lading/Booking number S#: 500238984 HS CODE: 84

In accordance with The Australian Department of Agriculture and Water 2020-21 Brown Marmorated Stink Bug (BMSB) Seasonal Measures, target risk and high-risk goods, manufactured in, or shipped as sea cargo from target countries between September 1, 2020 until ATA Australia May 31, 2021 will require offshore fumigation (prior from departure from US Port of Export). Refer to the link below for further info on requirements and regulations and classification of good and commodities classified as High Risk and Target Risk: <http://www.agriculture.gov.au/import/before/pests/brown-marmorated-stink-bugs>

1. Declaration

Are the goods/commodities being exported permitted to be Fumigated (Treatment with Methyl Bromide gas): YES

Are the goods/commodities being exported under subject shipment "High Risk Goods" and require Fumigation: YES

2. Release

You on behalf of yourself and your customers and agents, hereby fully release and discharge AWA a DBA of Intelligent SCM, LLC and all of its agents, employees, representatives, members, officers, managers, parent companies, subsidiary companies and affiliated companies (collectively "ISCM"), from any and all claims for liability and damages based upon the fumigation of subject shipment

3. Indemnity

You shall indemnify and hold AWA harmless from and against any and all losses, liabilities, obligations, costs and expenses (including reasonable attorneys' fees and costs) arising out of, resulting from or relating to any third-party claims based upon the fumigation or non-fumigation based on your declaration of subject cargo if services are required and rendered.

Please acknowledge your agreement by signing this letter in the space provided below. Facsimile or scanned signatures may be used as original signatures.
